

South Somerset Hydropower Group

You are invited to attend one of two

Day Tours of Five Hydropower Installations

in South Somerset

on Saturday 2nd February, 2008 or Saturday 5th April, 2008

The visits will compare:-

- Crossflow, Kaplan and Francis turbines
- Ossberger and Valley Hydro crossflows
- New-build penstock and turbine house vs. existing building
- 1.8m to 4.9m head, 2kW to 12 kW output
- Analogue and digital mainscon systems
- Turnkey installations and self-build
- Installation costs, electricity sales, ROCs and LECs

Sites to be visited include Cole Manor BRUTON, Carey's Mill MARTOCK, Clapton Mill CREWKERNE, Cutterne Mill EVERCREECH, and Gants Mill BRUTON.

Guided tour at each site by the site owner, with discussion of the options for their installation.

Engineer from Hydro Generation Ltd in attendance to discuss technical questions.

These tours will be of particular interest to mill owners, engineers, policy makers, local authority officers and community groups, and those looking to install hydropower.

Cost £55 – to include all travel from and return to Bruton by coach/minibus, morning coffee, buffet lunch and afternoon tea. The tours start from Gants Mill, Bruton at 9am, returning by 5pm. A detailed itinerary and joining instructions will be forwarded after booking. Technical data sheets will be provided on the day. Bed & breakfast can be arranged if required.

Please book early, as places are limited. Last booking please 10 days before visit. Booking confirmed only on receipt of payment, which will be acknowledged by letter or email.

To :- Brian Shingler, Gants Mill, Bruton, Somerset BA10 0DB. Tel 01749 812393
